DATA PROTECTION POLICY

(includes Subject Access, FoI, Data Breach Reporting and Data Retention procedures)

Introduction

The School needs to use information about pupils, staff and other users to allow us to follow our duties, and to provide other services with data that we have a legal, statutory, legitimate or contractual right to process.

The school will comply with the data protection principles which are set out in the Data Protection Act 2018 and other laws.

The Data Controller and other roles
The School, as a body, is the Data Controller.

The School has identified its designated Data Protection Officer (DPO – see Appendix A).

Other day to day matters will be dealt with by The Data Protection Lead (DPL see Appendix B), The Headteacher, Deputy Headteacher, and the Senior Administrator.

Responsibilities of the School

The school is committed to protecting and respecting the confidentiality of sensitive information relating to staff, pupils, parents and governors. This implies that the school will:

- a) register with the Information Commissioners Office (ICO);
- b) keep an up to date Data Asset Audit (See Appendix C) which lists all known uses of personal data in the school;
- c) verify that all systems that involve personal data or confidential information will be examined to see that they meet the Data Protection Act 2018 regulations;
- d) inform all users about their rights regarding data protection;
- e) provide training to ensure that staff know their responsibilities;
- f) monitor its data protection and information security processes on a regular basis, changing practices if necessary.

Responsibilities of Staff/Governors

All staff are responsible for checking that any information that they provide to the School is accurate and up to date. Information regarding governors responsibilities is included as part of induction.

All staff/governors are responsible for ensuring that any personal data they use in the process of completing their role:

- a) is not in the view of others who do not have the authority to view the data;
- b) is kept securely in a locked cabinet when not being used;
- c) is stored on a secure local or network drive;
- d) if kept on removable storage (laptop, tablet, USB memory stick) approved by the school, that this is password protected and encrypted. The data held on these devices must be backed up regularly and this is the responsibility of the individual;
- e) is not disclosed to any unauthorised third party;
- f) is assessed and approved by the Senior Leadership Team or the DPL with advice from the DPO (see Privacy Impact Assessment Appendix D) if used within an app, webservice or other application.

Staff should note that unauthorised disclosure or transgression of the above statements may be a disciplinary matter.

Responsibilities of Parents/Guardians

The school will inform the Parents/Guardians of the importance of the personal data the school uses and the importance of keeping this up to date. This process will include at least an annual data collection sheet (with the return of this document being recorded) and reminders in newsletters and at tutor or class meetings.

Other permissions will also be sought regarding matters of non-statutory use of personal data such as the use of images and names in publicity materials on induction or when required. The returns to these permissions will be recorded and exemptions communicated to staff.

Rights to Access Information

All people having personal data stored by the school have the rights to:

- a) obtain from the school confirmation if personal data concerning him or her (or their child) is being processed;
- b) Where this is the case, have a copy of the personal data and the following information:
 - (i) the purposes of the processing;
 - (ii) the third parties that the data will be shared with;
 - (iii) the period for which the personal data will be stored;
 - (iv) the existence of the right to request from the school to correct, erase or restrict processing of personal data if the data can be proved to be incorrectly held;

 - (vi) where the personal data are not collected from the data subject, any available information as to their source.
- c) if exemptions are placed on any of the data above, because of safeguarding or other issues, the existence of this data will be declared.

The School will place on its website Privacy Notices regarding the personal data held about them and the reasons for which it is processed.

Access to the data is called a Subject Access Request. Any person who wishes to exercise this right (or their parental right) should make a request in writing and submit it to the Headteacher or the Chairman of Governors. The process for dealing with these request is outlined in Appendix E.

The School aims to comply with requests for access to personal information as quickly as possible and in accordance with advice from the ICO and other professional agencies.

Freedom of Information Requests

Freedom of Information requests are requests from any member of the public about processes, policies and other non-personal information about the school. These requests will always be processed and the rights of individuals (within Data Processing Act 2018) not to be identified respected while maintaining legal responsibilities within the Freedom of Information Act.

The process for dealing with Freedom of Information requests is given in Appendix F.

Data Breaches

If there is a Data Breach the school will inform the DPO who will then advise on any actions.

Any Data Breaches will be recorded, comprising the facts relating to the personal data breach, its effects and the remedial action taken as shown in Appendix G.

If there are risks to the individual the school will communicate the breach to the data subjects.

In the case of a personal data breach the ICO should be informed as soon as possible and within 72 hours of notification. Further investigation of the breach can take place after this notification in line with advice from the DPO and the ICO.

Data breaches are reported using the information found at his webpage: <https://ico.org.uk/for-organisations/report-a-breach/> and <https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/personal-data-breaches/>

When reporting a breach, the Data Protection Act 2018 states that you must provide:

- a description of the nature of the personal data breach including, where possible:

In respect of the length of time that schools should keep the data the school will follow the advice from the IRMS using their Records Management Toolkit for schools .

If paper is due to be destroyed it will be cross-cut shredded either school or by a commercial company.

If data is held on electronic devices then these will be deleted in line with the advice from the ICO .
